Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of Financial Sciences, Inc.

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Financial Sciences, Inc. as of March 31, 2019, the related statements of income, changes in stockholders' equity, and cash flows for the year then ended, and the related notes (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the financial position of Financial Sciences, Inc. as of March 31, 2019, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of Financial Sciences, Inc.'s management. Our responsibility is to express an opinion on Financial Sciences, Inc.'s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to Financial Sciences, Inc. in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The computation of aggregate indebtedness and net capital pursuant to SEC Rule 15c3-1, and computation for and information related to possession or control determination of reserve requirements for broker/dealers under SEC Rule 15c3-3 have been subjected to audit procedures performed in conjunction with the audit of Financial Sciences, Inc.'s financial statements. The supplemental information is the responsibility of Financial Sciences, Inc.'s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the computation of aggregate indebtedness and net capital under SEC Rule 15c3-1, and computation for and information related to possession or control determination of reserve requirements for broker/dealers under SEC Rule 15c3-3 are fairly stated, in all material respects, in relation to the financial statements as a whole.

Larry D. Liberfarb, F.C.

We have served as Financial Sciences, Inc.'s auditor since 2017.

Norwood, Massachusetts

Interest		0
Income taxes		4,139

Disclosure of accounting policy:

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

NOTES TO FINANCIAL STATEMENTS March 31, 2019

Note 1 Organization and nature of business

Financial Sciences, Inc. (the "Company") was formed in 1974 as a Massachusetts corporation. The Company is a registered broker/dealer under the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). The Company does business on a fully disclosed basis and, therefore, does not hold or maintain any customer accounts.

Note 2 Summary of significant accounting policies

Securities

Security positions resulting from proprietary trading are reported at fair market value in accordance with fair value standards. Realized and unrealized gains and losses resulting from these transactions are included in earnings. On March 31, 2019 the Company held investments with a fair market value of \$754,202.

Revenue recognition

Securities transactions and the related revenue and expenses, including commission revenues and expenses, are recorded on a trade-date basis.

Income taxes

Accounting standards require an asset and liability approach to financial accounting and reporting for income taxes. The difference between the financial statement and tax basis of assets and liabilities is determined annually. Deferred income tax assets and liabilities are computed for those differences that have future tax consequences using the currently enacted tax laws and rates that apply to the periods in which they are expected to affect taxable income. Valuation allowances are established, if necessary, to reduce the deferred tax asset to the amount that will more likely than not be realized. Income tax expense or benefit from income taxes is the current tax payable or refundable for the period plus or minus the net change in the deferred tax assets or liabilities.

Income tax positions

The Financial Accounting Standards Board ("FASB") has issued a standard that clarifies the accounting and recognition of income tax positions taken or expected to be taken in the Company's income tax returns. The Company has analyzed tax positions taken for filing with the Internal Revenue Service and all state jurisdictions where it operates. The Company believes that income tax positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse affect on the Company's financial condition, results of operations or cash flows. Accordingly, the Company has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) March 31, 2019

Note 2 <u>Summary of significant accounting policies (continued)</u>

Income tax positions (continued)

If the Company incurs interest or penalties as a result of unrecognized tax positions the policy is to classify interest accrued with interest expense and penalties thereon with operating expenses. The Company is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company's federal and state income tax returns are generally open for examination for the past three years.

Fair value of financial instruments

The carrying amounts of financial instruments, including cash, deposit with clearing organization, and accounts payable and accrued expenses approximates fair market value due to the short-term maturities of these assets and liabilities.

Use of estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Fair value

Accounting standards provide a common definition of fair value and establishes a framework to make the measurement of fair value in generally accepted accounting standards more consistent and comparable. Accounting standards also require expanded disclosures to provide information about the extent to which fair value is used to measure certain assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings (see Note 7). The Company's financial and nonfinancial assets and liabilities reflected in the financial statements at fair value include marketable securities and options (securities sold, not yet purchased.)

Subsequent events

The Company has evaluated subsequent events through May 14, 2019, which is the date the financial statements were available to be issued.

Note 3 <u>Concentrations</u>

Cash

The Company maintains its cash at financial institutions in bank deposits, which may exceed federally-insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant risk with respect to cash.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) March 31, 2019

Note 3 Concentrations (continued)

Trading and brokerage activities

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the credit worthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

In addition, the Company had sold options that it did not own (securities sold, not yet purchased) and therefore might be obligated to purchase the underlying security at a future date, when applicable. The Company does not have any options obligation at March 31, 2019.

Note 4 Net capital requirements

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum net capital balance and requires that the Company's aggregate indebtedness to net capital, as defined, shall not exceed 15 to 1.

At March 31, 2019 the Company's net capital was \$1,439,574 which was \$1,339,574 in excess of its required net capital of \$100,000. The Company's aggregate indebtedness to net capital was 0.0059 to 1.

Note 5 <u>Income taxes</u>

The deferred tax assets include the following components at March 31, 2019:

	Federal	State	Total
Deferred tax asset	\$22,000	\$8,600	\$30,600
Valuation allowance	(\$22,000)	(\$8,600)	(\$30,600)
Net deferred tax asset	_	-	

The deferred tax asset results from net operating loss carryforwards. The valuation allowance was established to reduce the deferred tax asset to the amount that will more likely than not be realized.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) March 31, 2019

Note 5 <u>Income taxes (continued)</u>

The Company has available net operating loss carryforwards of approximately \$148,000 for federal tax purposes and approximately \$108,000 for Massachusetts state tax purposes. The federal and Massachusetts state net operating losses can be used to offset future taxable income and expire at various dates through 2032 through 2037.

Note 6 Clearing agreement and restricted cash

The Company has entered into an agreement with Hilltop Securities, Inc. (Prior name Southwest Securities, Inc.) to act as their clearing agent. In connection with this agreement, Hilltop Securities, Inc. has required the Company to maintain a deposit of \$50,382, which is held in an interest bearing account.

Note 7 Fair value measurements

Accounting standards require that financial and non-financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually), be measured at fair value. These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

- Level 1 Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.
- Level 2 Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.
- Level 3 Unobservable inputs for the asset or liability. These inputs reflect the Company's assumptions about the assumptions a market participant would use in pricing the asset or liability.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) March 31, 2019

Note 7 Fair value measurements (continued)

The Company uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Company measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurements. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at March 31, 2019.

Marketable securitie:

Securities valued using quoted market prices.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Company's financial assets and liabilities at March 31,2019:

<u>Assets</u>	Level 1	Level 2	Level 3	<u>Total</u>
Marketable Securities	\$754,202	\$0	\$0	\$754,202
Liabilities Securities sold, not yet Purchased (options)	(\$0)	(\$0)	(\$0)	(\$0)
	\$754,202	\$0	\$0	\$754,202

Note 8 Related Party Transactions

The Company earned commissions amounting to \$116,376 in respect of transactions performed on behalf of stockholders and entities controlled by stockholders during the twelve month period ended March 31, 2019.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) March 31, 2019

Note 9 Operating Lease

The Company leases office space on a month-to-month basis from M-M Growth LLC. For the twelve months ended March 31, 2019, rent expense was \$30,000. Because there is some common ownership of the Company and the lessor, operating results could vary significantly from those that would be obtained if the entities were completely autonomous. There were no amounts due to or from this entity at March 31, 2019.

FINANCIAL SCIENCES, INC. SUPPLEMENTARY SCHEDULES MARCH 31, 2019

There are no material differences between the computation of the net capital presented above and the computation of the net capital in the company's unaudited Form X-17A-5, Part IIA filing as of March 31, 2019

COMPUTATION AND INFORMATION RELATING TO POSESSION OR CONTROL DETERMINATION OF RESERVE REQUIREMENTS FOR BROKER/DEALERS UNDER RULE 15c3-3 OF THE SECURITIES EXCHANGE ACT OF 1934

March 31, 2019

Financial Sciences, Inc. is exempt from the reserve requirements of Rule 15c3-3 as its transactions are limited, such that they do not handle customer funds or securities, accordingly, the computation for determination of reserve requirements pursuant to Rule 15c3-3 and information relating to the possession or control requirement pursuant to Rule 15c3-3 are not applicable.

Report of Independent Registered Public Accounting Firm

Board of Directors and Shareholder of Financial Sciences, Inc.

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Financial Sciences, Inc. identified the following provisions of 17 C.F.R. 15c3-3(k) under which Financial Sciences, Inc. claimed an exemption from 17 C.F.R. 240.15c3-(k)(2)(ii) (exemption provisions) and (2) Financial Sciences, Inc. stated that Financial Sciences, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Financial Sciences, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Financial Sciences, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

Financial Science's Exemption report

Financial Sciences, Inc. (the "Company") is a registered broker-dealer subject to Rule 17a-5 promulgated by the Securities and Exchange Commission (17 C.F.R. §240. 17a-5, "Reports to be made by certain brokers and dealers"). This Exemption Report was prepared as required by 17 C.F.R. §240. 17a-5(d)(1) and (4). To the best of its knowledge and belief, the Company states the following:

(1) The Company claimed an exemption from 17 C.F.R. §240. 15c3-3 under the following provisions of 17 C.F.R. §240. 15c3-3(k)(2)(ii)

(2) The Company met the identified exemption provisions in 17 C.F.R. §240. 15c3-3(k) throughout the most recent fiscal year without exception.
